FOREWORD

With sincere appreciation for your fine orders of the last year, I send you my 1947 catalog for your consideration. I have listed only the varieties that I believe are the most outstanding in their respective classes. Bulbs this year are of our usual high quality and vitality. Our modern air conditioned storage and careful handling are for your protection.

I am introducing 3 new varieties of my own origination this year which after careful selection in my own field, were sent to various trial gardens from coast to coast, where under various conditions of soil and climate they rated very high.

My evaluation of the newer varieties is as follows, **LEADING LADY** although not new is one of the best either for show or commercial. **SILVER WINGS** is whiter and more ruffled, a real beauty. **ORIENTAL PEARL** makes tremendous spikes with heavy textured cream florets. **WAX MODEL** looked great in its class. **IGLOO** is pure white and should go places. The largest of all is **SNOW CRUISER** in the giant class. **WHITE GOLD** still makes tremendous spikes and is the best early cream.

Yellows are improving and **ELIZABETH MAIER** with its many open florets is winning many ribbons. **MARTHA DEANE** may be a fine commercial, have not seen enough of it. **SPOTLIGHT** is very outstanding and a coming commercial. **CRINKLE CREAM** which is really yellow, is very beautiful and would top the list if it opened a few more. **GOLDEN STATE** wonderful for exhibition. **OREGON GOLD** very fine but a little late for some sections.

In Oranges **LARIME**, **BOBBY DAZZLER**, **DRUM MAJOR**, **HURRICANE**, and **RIO RITA** are all excellent and anyone will win for you.

Salmon and pink have a large number of fine ones. **TITAN** is tremendous, as is **OGARITA**. **GLAMIS** and **GHENGHIS KHAN** with their ruffling are true beauties. **BIG TOP** still continues at the top with its tremendous spikes. **MADELEINE BROWN** though resembling Picardy has more desirable qualities and as a commercial is tops. Don't miss **SPITFIRE** it makes model spikes. **CONNECTICUT YANKEE** is extra fine and if you like them with extra large florets and smooth color try **MARLYN**. **ALGOMA** is different with a model spike. **WOLVERINE STATE** with many open is of commercial quality.

Scarlets and reds have advanced greatly the past few years. **ROYAL WINDSOR** is a very fine new one. **KING CLICK** and **ALGONQUIN** are older but very fine. **RED CHARM** needs no comment. **GRACIE ALLEN** very smooth with great color value.

Black Red shows the most beautiful to be **BLACK DIAMOND** with its heavily ruffled florets. **BLACK PANTHER** the largest. **THUNDERBIRD** and **BLACK OPAL** still very worth while.

Rose class has **BURMA** in the deep shade, a beauty with heavy ruffling. **COUTT'S ORCHID** and **OREGON ROSE** have extra color value while **FRANCIS M. IRWIN** available in quantity is really outstanding.

In Lavender **ABIGAIL** and **MINSTREL** look very worthy, with **BADGER BEAUTY** and **ELIZABETH THE QUEEN** still great. Don't overlook **HILDRED'S** straight spikes with many open and lots of buds.

PURPLE SUPREME continues to make model spikes, with **MRS. MARKS MEMORY** very large and prize winner.

Blues have been very weak but **BLUE LAGOON** should top in all around vigor, plus nice color in medium deep blue. **BLUE BEAUTY** and **MILFORD** best of older ones. Smokies have many good ones with **TUNIA'S MAHOMET** and **HIGH FINANCE** at the top. **R.B.**, **PINNOCHIO** and **BUCKEYE BRONZE** tops in Any Other Color.

The above evaluations are of the newer, more expensive varieties. Do not hesitate in purchasing any of the other varieties listed as they are all very fine, lower prices due only to larger stocks.

Thank you, .

1947 Introductions

TROJAN

(Golden Goddess X Picardy)

(85-90 Days) (Sdlg. 40158)

Lg. Formal Coral Pink blending to buff yellow throat, the heavy textured blooms are ruffled and needlepointed with raised midribs of slightly lighter color. Fine tall grower 55" to 60" high, blooms are 5" to 5½" with 8 or more open on a 26" flowerhead, carrying 22 buds. Floréts are very firmly attached and wide open. This variety was one of the top scorers at the Michigan State Trials scoring 83.5 also scored 84 at the Washington State Trials. It is an excellent propagator and a wonderful commercial prospect.

Bulbs any size \$5.00 ea.

With each bulb purchased you may purchase up to 10 blts.—priced 10 for \$5.00

Commercial Growers & Catalogers wholesale prices on request.

KLONDIKE

(Golden Goddess X Jasmine)

(75 to 80 Days) (Sdlg. 422102)

Formal deep Golden Yellow self. Blooms are ruffled and of the heaviest texture. Opens 8 blooms of 4½" to 5" diam. on strong straight spikes 56" high, carrying 18 to 20 buds. This yellow does not wilt in the hottest sun and can take the roughest handling without bruising. Very beautiful under artificial light. Foliage & Plants very strong & sturdy. Very fine propagator and fine blooms from small size bulbs. This variety received an Award of Merit at S.E.M.G.S., 1945. Scored 82 at Washington State College Trials, 1946, also a spike shipped from Pennsylvania to Provo, Utah in a florist box with no water and on the road 3 days, arrived just in time to be placed on the show table (no chance to freshen in water) and was in such good condition that it scored 80 and received the Brigham Young University Award. Deep yellow glads are very scarce, and this should be the commercial growers answer in this class. It will also win on the show table.

Bulbs any size, \$5.00 ea.

With each bulb purchased you may purchase up to 10 blts.—priced 10 for \$5.00

Commercial Growers & Catalogers wholesale prices on request.

ELIZABETH MAIER surpasses them all, and if the colored picture I have recently taken of one with SIXTEEN open turns out, I shall see that you get a print.
H. M. Sherman, Jr., New York, N. Y.

Your variety Madeleine Brown is the best that you sent. It sure does resemble Picardy. The throat just a shade deeper and each one a perfect bloom, all tall, no dwarf ones like in Picardy. It sure ought to go places, and I do prefer it way over Picardy.
Dirk Kroom, Woodland, Wash.

I want you to know that I appreciate the extra bulblets I received from you. Many thanks for them.
Mrs. Clara Leyda, Mich.

Legion Trial Gardens
Mr. E. A. Lins reports:
Madeleine Brown was planted in same field this year (1942) as Picardy. I could not cut any Picardy, they were very poor, but Madeleine Brown were all tall and straight and heat did not seem to affect them. It has always done fine here.

Bulbs just received in good condition and very nice. Accept thanks for generous overcount, good sizing, and extras
John S. B. Moss, New York.

You sent me two bulbs of Blue Lagoon. These bloomed almost perfect. They are dark blue and just what I need.
